50 of the Best Spine Specialists in America

ALAN MOELLEKEN MD,
(The Spine & Orthopedic Center, Santa Barbara, Calif.). Dr. Moelleken is an orthopedic surgeon specializing in disorders of the spine. Aside from seeing patients at The Spine & Orthopedic Center, he also performs surgery at Carrillo Surgery Center and is on the attending staff of Santa Barbara Cottage Hospital and Goleta Valley Community Hospital. Dr. Moelleken has published numerous articles and presentations on the treatment of spinal disorders and has been the chairman of the monthly Tri-County Spine Conference for

the past nine years. He received his medical degree from the University of Pennsylvania School of Medicine in Philadelphia and completed an orthopedics residency at UCLA. He then went on to complete a fellowship in neurosurgery and orthopedic spine surgery at New York University.
